PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science student with hands-on experience in Python, data analysis, SQL, and machine learning. Built data-driven applications for sales analysis, prediction, and business insights, with a strong interest in Data Science, Data Analytics, and Machine Learning roles.

TECHNICAL SKILLS

Languages: Python, SQL, C++

Data Science: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Plotly

Machine Learning: Regression, Classification, Random Forest, XGBoost, Feature Engineering, Model Evaluation

Data Visualization: Power BI, Matplotlib, Seaborn, Plotly

Tools: Streamlit, Excel, Jupyter Notebook, Git, GitHub, Kaggle

Databases: MySQL, PostgreSQL, MongoDB

EXPERIENCE

Pisoft Informatics Pvt. Ltd. | May 2025 – June 2025

Python & Data Science Intern

- Performed data cleaning, preprocessing, and exploratory analysis using Python, Pandas, and NumPy.
- Analyzed structured datasets to identify trends, patterns, and insights for reporting and decision-making.
- Worked on data handling, analysis, and reporting tasks as part of data science projects.

PROJECTS

AI Sales Projection & Inventory Forecasting System

Python | Pandas | NumPy | Scikit-learn | XGBoost | Plotly | Streamlit

- Built an end-to-end Streamlit application for sales analysis, prediction, forecasting, and inventory-related business insights.
- Performed data cleaning, exploratory data analysis, and feature engineering on historical sales data.
- Implemented machine learning-based prediction workflows and compared model performance using standard regression evaluation metrics.
- Developed interactive dashboards and visualizations to communicate sales trends, product performance, and prediction results.

Disease Prediction System

Python | Pandas | Scikit-learn | Machine Learning

- Developed a machine learning-based prediction system using structured input data.
- Applied data preprocessing and model training techniques to generate disease predictions.
- Evaluated model performance and used data-driven results to support prediction analysis.

EDUCATION

IK Gujral Punjab Technical University (IKGPTU)

B.Tech — Computer Science & Engineering | 2023–2027 | CGPA: 7.2/10

Maharaja Aggarsain Senior Secondary School — CBSE Class XII | 71.2%

The Sirsa School — CBSE Class X | 70.2%

CERTIFICATIONS & ACTIVITIES

- Machine Learning Specialization — Coursera
- NSS — 2 years
- Youth Festival, IKGPTU — Coordinator
